Summary of Objectives, Nature and Effect of the Draft Planning Agreement

Objectives of Draft Planning Agreement

The objectives of the draft Planning Agreement are to secure the construction and completion of a bioretention basin and roads and the dedication of land to the Council free of cost for those works, in connection with the Developer's development of its land.

Nature of Draft Planning Agreement

The Draft Planning Agreement is a planning agreement under s7.4 of the *Environmental Planning and Assessment Act 1979* ('Act').

It is an agreement between Council and the Developer under which the Development Contributions (as defined in clause 1.1 of the Draft Planning Agreement) are to be made by the Developer for public purposes (as defined in s7.4(2) of the Act).

Effect of the Draft Planning Agreement

The Draft Planning Agreement:

- requires the provision of funding to be applied towards the maintenance of the bioretention basin.
- requires the dedication of land for drainage purposes,
- is to be registered on the title to the Developer's land,
- requires the Developer to provide security in the form of a bank guarantee for the works,
- imposes restrictions on the transfer of the Developer's land, or the assignment or novation of the Developer's obligations under the draft Planning Agreement,
- provides for dispute resolution by expert determination and mediation,
- provides that the Draft Planning Agreement is subject to the law of New South Wales, and
- provides that the *A New Tax System (Goods and Services Tax) Act 1999* (Cth) applies to the Agreement.

Assessment of the Merits of the Draft Planning Agreement

The Planning Purposes Served by the Draft Planning Agreement

The Draft Planning Agreement:

- promotes the orderly and economic use and development of land,

- facilitates ecologically sustainable development by integrating economic, environmental and social considerations in the Development of the Developer's land.

How the Draft Planning Agreement Promotes the Public Interest

The draft Planning Agreement promotes the public interest by addressing the objects of the Act as set out in s1.3 (b), (c) and (j).

The draft Planning Agreement requires the Developer to make development contributions over and above that which is required under s7.11, s7.12 or s7.24 of the Act. The development contributions, which comprise the construction of a bioretention basin and the dedication of land for that work ensures the orderly development of public infrastructure to serve the Development and the public. The requirement to pay monetary contributions to be applied towards the maintenance of the bioretention basin ensures that Council is provided with funding to maintain the public infrastructure for the benefit of the public.

The draft Planning Agreement provides increased opportunity for community participation through the public notification process of the Agreement.
