

While advertising signs are not permitted within the road reserve, Council may erect at the nearest intersection, a standard type sign supplied by Council indicating the particular activity. On receipt of an application, due consideration will be given to the request.

If approved, the supply and erection of these signs will be at the applicants' expense and the current cost of the name boards is in accordance with Council's current Schedule of Annual Fees and Charges.

The annual licence fee is also payable upon application and annually (30 June) in accordance with Council's current Schedule of Annual Fees and Charges.

The signs are Class 2 reflectorized white letters on blue background with the dimensions of the sign being 1200mm by 200mm.

Council will order the sign and erect at the nearest intersection on a pipe frame. All sign boards are supplied and erected by Council to maintain uniformity.

Manufacture and delivery time of signs from supplier is approximately 6 to 8 weeks. Upon receipt of the payment, the work will be programmed for the erection of the sign.

In the event of vandalism to the sign, the cost of replacement is to be borne by the applicant at the price ruling at the time.

1. Name of Applicant

Name: _____ Date: _____

Business Name: _____

Address: _____

Phone (h): _____ Phone (w): _____

Mobile: _____

2. Signage Wording Requested:

Please keep wording on Sign as brief as possible.
