INTRODUCTION

Wollondilly Shire Council's Equal Employment Opportunity (EEO) Management Plan outlines our commitment to developing and promoting a culture that is supportive of Equal Employment Opportunity (EEO) principles and embraces diversity and inclusion within the workplace.

The EEO Management Plan identifies our strategies and actions over the next four years and the ways in which these strategies and actions shall be communicated and implemented across Council.

This plan supports the actions identified in the Disability Inclusion Action Plan 2017-2021 (DIAP) and the implementation of key strategies, key performance indicators, lines of responsibility, accountability and identified timeframes.

Equal Employment Opportunity

Council is committed to making our workforce inclusive and reflective of the broader community. An Equal Employment Opportunity (EEO) Survey was recently conducted which revealed that our workforce demographics are changing. We need to embrace diversity and explore opportunities to increase participation with employees with a disability, women in leadership roles and Aboriginal and Torres Strait Island descent. Council has reviewed its EEO Management Plan which has identified specific strategies to achieve these objectives. The plan has been developed in accordance with the requirements of section 344 of the Local Government Act 1993 and supports the Act's objectives to:

a) Eliminate and ensure the absence of discrimination in employment on grounds of race, sex, marital or domestic status and disability in councils, and

b) Promote equal employment opportunity for women, members of racial minorities and persons with disabilities in councils

Sections 344-347 of the *Local Government Act (NSW)* 1993 requires that each NSW Council prepares and implements an EEO Management Plan. In accordance with the provisions of the Act the Plan includes:

S345 EEO Management Plan

a) The devising of policies and programs by which the objects of this Part are to be achieved;

b) The communication of those policies and programs to persons within the staff of the Council;

c) The collection and recording of appropriate information;

d) The review of personnel practices within Council (including recruitment techniques, selection criteria, training and staff development programs, promotion and transfer policies and patterns, and conditions of service) identify any discriminatory practices;

e) The setting of goals or targets, where these may reasonably be determined, against which the success of the plan in achieving the objects of this Part may be assessed;

f) The means, other than those referred to in paragraph (e), of evaluating the policies and programs referred to in paragraph (a); and

g) The revision and amendment of the plan; and

h) The appointment of persons within the Council to implement the provisions referred to in paragraphs (a)-(g).

In addition, Council has legal obligations under the Anti-Discrimination Act 1977 to ensure the absence of discrimination and harassment in the workplace. Such legislation prohibits discrimination in employment on the grounds of an individual's:

- Race
- Disability
- Carer responsibilities
- Gender
- Age
- Marital or domestic status
- Sexual orientation
- Religion/belief.

Council's Disability Inclusion Action Plan (DIAP)

Council's Disability Inclusion Action Plan (DIAP) is underpinned by The Disability Inclusion Act 2014 and the legislative framework that guides standards, policies, protocols, plans and strategies with regard to disability access and inclusion.

The DIAP aims to remove barriers that prevent people with disability from participating fully within and contributing to the success and the economic and social viability of our community.

Council is committed to supporting increased access to meaningful employment opportunities and to encourage local business and industry employers to employ people with disability.

In addition Council supports the expansion and availability of Tertiary and University educational opportunities for people with disability that enhance access and inclusion in local employment

How did we measure against the previous EEO Management Plan?

Council's achievements over the term of the previous plan included:

Procedures

- Recruitment and Selection Procedure: The policy provides for a fair, transparent, and structured selection process where decisions are based on the relative merit of applicants against position specific criteria and organisational values.
- Flexible Working Procedure. This aims to attract and retain employees with carers' responsibilities by offering flexible work options across the organisation where possible.
- Performance Management Procedure was created to ensure it is compliant with antidiscrimination legislation.

Recruitment

- All positions vacant advertisements are reviewed on an ongoing basis and worded appropriately using non-discriminatory language to ensure they are attracting a diverse group of applicants.
- Ezisuite online recruitment system was rolled out in July 2016. Applicants lodge applications online and complete an EEO questionnaire. This allows Council to gather, monitor and report on EEO data.
- Council has appointed 10 Mental Health Contact Officers

Training

- Training in the Prevention of Discrimination and Bullying and Harassment was conducted for all employees.
- A total of 28 employees from Council have been trained in Mental Health First Aid in 2018 with a further 29 employees to undergo training in early 2019.
- Recruitment and Selection training was modified to require panel members to ensure interview techniques and questions did not include discriminatory content and to ensure there were no false barriers to candidate success.

Programs

- As part of Council's Gender Diversity program a Seminar titled Raise your Hand Helping achieve non-discriminatory Diversity was held on 11 May 2016 to encourage Women to stand as Councillors in the 2016 Local Government Election. A presentation "Getting Women Elected" was developed and delivered by Cr Judith Hannan and Cr Kate Terry, with support from Ally Dench, Executive Director. Guest Speakers included, General Manager of Campbelltown City Council, Lindy Deitz, Fairfield City Councillor, Dai Le and Cr Vicki Scott, President of the NSW Branch of the Australian Local Government Women's Association (ALGWA). The seminar focused on understanding Local Government, campaigning, getting elected and what resources are available to do this. There was also a Question & Answer session with panel members consisting of women with experience in local government.
- Council undertook two (2) Mature Aged Workers Forums to equip staff with information on transitioning to retirement.
- Council launched a transition to retirement procedure and provided flexible working conditions to staff transitioning.
- Provided a comprehensive Mature Workers Guide.
- Raised awareness for Mental Health with staff through RUOK Day, Black Dog Institute and Safe Work Australia initiatives.
- Council hosted the International Women's Breakfast and Men's Health Breakfast.
- Council created two (2) EEO targeted positions consisting of an ATSI Environmental Health Officer and ATSI Trainee in Community Outcomes (Events).

5. Respectful Behaviours in the Workplace.

Council's Respectful Behaviours Protocol and Procedure outline an employee's rights and responsibilities in relation to appropriate workplace behaviour. They specifically outline Council's commitment to the prevention of discrimination, harassment and bullying in the workplace and the processes for the resolution of issues and reporting of conduct which is not aligned with this.
