

WASTE MINIMISATION AND MANAGEMENT PLAN

No.45 BELL STREET, THIRLMERE
(Lot 91 DP751270)

File: 7342

APPLICANT

Rein Warry & Co.

3/67 Menangle Street Picton, NSW, 2571

Phone: (02) 46773144 reinwarry@bigpond.com

Proposed Development Activities requiring Waste Management:

1. Construction of On-site Detention Basin

Please see details regarding the proposed on-site detention basin to be constructed at the subject site in Stage 1 provided in the SEE, accompanying DA plans prepared by Rein Warry & Co. (ref. no.7342 dated 25th January 2018) and the accompanying Concept Stormwater and Water Quality Management Report prepared by SEEC (ref.no.170000055-SWM-01 REV00 – dated 29th June 2017).

2. Construction of Bioretention Basin

Please see details regarding the proposed bioretention basin to be constructed at the subject site in Stage 1 provided in the SEE, accompanying DA plans prepared by Rein Warry & Co. (ref. no.7342 dated 25th January 2018) and the accompanying Concept Stormwater and Water Quality Management Report prepared by SEEC (ref.no.170000055-SWM-01 REV00 – dated 29th June 2017).

3. Dam Filling

Please see details regarding proposed dam filling works at the subject site (to be undertaken in Stage 2) provided in the SEE and accompanying plans prepared by Rein Warry & Co. (ref. no.7342 dated 25th January 2018).

4. Partial New Road Construction

Please see details regarding proposed partial new road construction works in Stage 3 of this DA provided in the SEE and accompanying plans prepared by Rein Warry & Co. (ref. no.7342 dated 25th January 2018).

5. Removal of Existing Shed (part of ancillary works in Stage 1)

Please see details regarding shed removal works to be undertaken as part of ancillary work in Stage 1 provided in the SEE and accompanying plans prepared by Rein Warry & Co. (ref. no.7342 dated 25th January 2018).

The details provided in this Waste Management Plan are the contractor's intentions for managing waste relating to construction activities at this site. All works are to be carried out in accordance with best management practice. Specific arrangements regarding waste management in this proposal will be further dealt with at the Construction Certificate stage of development.
